

NATURAL STONE & QUARTZ SINK REVEALS

UNDERMOUNT SINK NON REVEAL (OVERHANG)

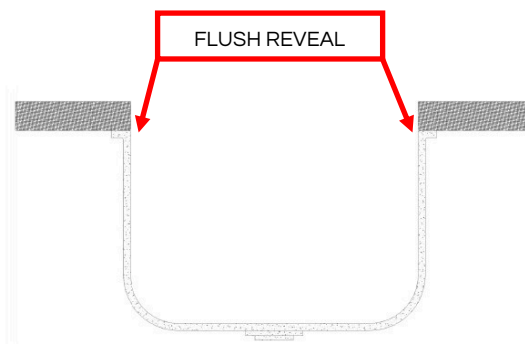

A non positive reveal is the most common and preferred application - where the countertop extends over the edge of the sink rim on all sides.

UNDERMOUNT SINK POSITIVE REVEAL

A positive reveal is where the sink rim extends from the edge of the countertops on all sides

UNDERMOUNT SINK FLUSH REVEAL

A flush reveal is where the countertop meets the edge of the sink.
